Dear Supervisors:

**ACCEPT A GRANT AWARD FROM THE UNITED STATES DEPARTMENT OF
JUSTICE, NATIONAL INSTITUTE OF JUSTICE FOR FISCAL YEAR 2016
DNA CAPACITY ENHANCEMENT AND BACKLOG REDUCTION PROGRAM
(ALL DISTRICTS) (3 VOTES)**

SUBJECT

Request Board approval authorizing the Sheriff of Los Angeles County (County) to accept and execute a grant award in the amount of \$1,055,927 from the United States Department of Justice (DOJ), Office of Justice Programs (OJP), National Institute of Justice (NIJ), for Fiscal Year (FY) 2016 DNA Capacity Enhancement and Backlog Reduction Program (DNA Program).

IT IS RECOMMENDED THAT THE BOARD:

1. Delegate authority to the Sheriff, as an agent for the County, to execute the attached Grant Award Agreement Number 2016-DN-BX-0123 (Agreement) with NIJ, accepting a grant in the amount of \$1,055,927 with no match requirement to fund the Los Angeles County Sheriff's Department's (Department) Scientific Services Bureau's Crime Lab for the grant period from January 1, 2017, through December 31, 2018.
2. Delegate authority to the Sheriff, or his designee, as an agent for the County, to execute and submit all required grant documents, including but not limited to, agreements, modifications, extensions, and payment requests that may be necessary for completion of the DNA Program.

A Tradition of Service
— Since 1850 —

3. Delegate authority to the Sheriff, as an agent for the County, to apply and submit a grant application to NIJ for the DNA Program in future FY's and to execute all required grant application documents, including assurances and certifications, when and if such future funding becomes available.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

The objectives of the DNA Program are to reduce the number of forensic cases awaiting DNA analysis in the Department's backlog, to assist outside police agencies with improving their DNA analysis capacity, and to improve the Department's DNA analysis capacity through equipment and supply purchases. To successfully achieve the objectives of this DNA Program, the Department will use the funds to reduce and prevent casework backlog through analyst overtime, to increase capacity of the biology section by purchasing equipment, and to provide required continuing education to the analysts.

Implementation of Strategic Plan Goals

This program is consistent with the County's Strategic Plan, Goal 1, Operational Effectiveness/Fiscal Sustainability, by maximizing the effectiveness of process, structure, and operations to support timely delivery of customer-oriented and efficient public services; and Goal 3, Integrated Services Delivery, by maximizing the opportunities to measurably improve client and community outcomes and leverage resources through the continuous integration of health, community, and public safety services.

FISCAL IMPACT/FINANCING

This will be the 13th year of funding for the DNA Program. The total project cost is \$1,056,000 with no match requirement. Funds in the amount of \$1,055,927 will be used for Salaries and Employee Benefits (\$165,812 - overtime only for Senior Criminalists and Supervising Criminalists), Services and Supplies (\$867,115 - forensic casework supply items, training, registration fees, and travel expenses), and Capital Assets (\$23,000 – forensic equipment). This funding is included in the Department's FY 2016-17 budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On May 19, 2016, the Department submitted an application in response to NIJ's FY 2016 DNA Program grant solicitation. Prior to our application submission, NIJ advised that our Department was pre-selected to be a grant recipient of \$1,055,927 with no match requirement.

The Honorable Board of Supervisors
November 1, 2016
Page 3

The Agreement will be in effect for 24 months from January 1, 2017, through December 31, 2018.

All forensic equipment and supplies purchased with DNA Program funding will be procured in accordance with the County's purchasing policies and procedures.

County Counsel has approved the attached Agreement as to form.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

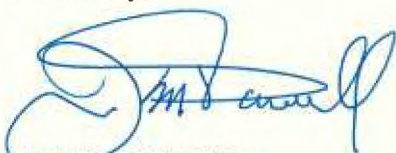

This Board letter was forwarded to the District Attorney's Office, the Public Defender's Office, and the Alternate Public Defender's Office for review. The District Attorney's Office stated there is no significant impact, however they will absorb any additional work with current staffing. The Public Defender's Office stated there may be some impact on services, however at this time without any statistical data regarding arrests, filings or prosecutions they cannot categorically quantify the impact. The Alternate Public Defender's Office did not provide a statement.

This grant will have a positive impact on current services by improving the capacity to analyze DNA.

CONCLUSION

Upon Board approval, please return two individually adopted copies of this Board letter to the Department's Grants Unit.

Sincerely,

JIM McDONNELL
SHERIFF

PROJECT NUMBER 2016-DN-BX-0123

AWARD DATE 09/08/2016

SPECIAL CONDITIONS

1. Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by the Department of Justice (DOJ) in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this 2016 award from the Office of Justice Programs (OJP).

The Part 200 Uniform Requirements were first adopted by DOJ on December 26, 2014. If this 2016 award supplements funds previously awarded by OJP under the same award number (e.g., funds awarded in 2014 or earlier years), the Part 200 Uniform Requirements apply with respect to all funds under that award number (regardless of the award date, and regardless of whether derived from the initial award or a supplemental award) that are obligated on or after the acceptance date of this 2016 award.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the Office of Justice Programs (OJP) website at <http://ojp.gov/funding/Part200UniformRequirements.htm>.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the recipient is to contact OJP promptly for clarification.

2. Compliance with DOJ Grants Financial Guide

The recipient agrees to comply with the Department of Justice Grants Financial Guide as posted on the OJP website (currently, the "2015 DOJ Grants Financial Guide"), including any updated version that may be posted during the period of performance.

3. Required training for Point of Contact and all Financial Points of Contact

Both the Point of Contact (POC) and all Financial Points of Contact (FPOCs) for this award must have successfully completed an "OJP financial management and grant administration training" by 120 days after the date of the recipient's acceptance of the award. Successful completion of such a training on or after January 1, 2015, will satisfy this condition.

In the event that either the POC or an FPOC for this award changes during the period of performance, the new POC or FPOC must have successfully completed an "OJP financial management and grant administration training" by 120 calendar days after -- (1) the date of OJP's approval of the "Change Grantee Contact" GAN (in the case of a new POC), or (2) the date the POC enters information on the new FPOC in GMS (in the case of a new FPOC). Successful completion of such a training on or after January 1, 2015, will satisfy this condition.

A list of OJP trainings that OJP will consider "OJP financial management and grant administration training" for purposes of this condition is available at <http://www.ojp.gov/training/fmts.htm>. All trainings that satisfy this condition include a session on grant fraud prevention and detection.

The recipient should anticipate that OJP will immediately withhold ("freeze") award funds if the recipient fails to comply with this condition. The recipient's failure to comply also may lead OJP to impose additional appropriate conditions on this award.

SPECIAL CONDITIONS

4. Requirements related to "de minimis" indirect cost rate

A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(f), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. The "de minimis" rate may be applied only to modified total direct costs (MTDC) as defined by the Part 200 Uniform Requirements.

5. Requirement to report potentially duplicative funding

If the recipient currently has other active awards of federal funds, or if the recipient receives any other award of federal funds during the period of performance for this award, the recipient promptly must determine whether funds from any of those other federal awards have been, are being, or are to be used (in whole or in part) for one or more of the identical cost items for which funds are provided under this award. If so, the recipient must promptly notify the DOJ awarding agency (OJP or OVW, as appropriate) in writing of the potential duplication, and, if so requested by DOJ awarding agency, must seek a budget-modification or change-of-project-scope grant adjustment notice (GAN) to eliminate any inappropriate duplication of funding.

6. Requirements related to System for Award Management and Unique Entity Identifiers

The recipient must comply with applicable requirements regarding the System for Award Management (SAM), currently accessible at <http://www.sam.gov>. This includes applicable requirements regarding registration with SAM, as well as maintaining the currency of information in SAM.

The recipient also must comply with applicable restrictions on subawards ("subgrants") to first-tier subrecipients (first-tier "subgrantees"), including restrictions on subawards to entities that do not acquire and provide (to the recipient) the unique entity identifier required for SAM registration.

The details of the recipient's obligations related to SAM and to unique entity identifiers are posted on the OJP web site at <http://ojp.gov/funding/Explore/SAM.htm> (Award condition: System for Award Management (SAM) and Universal Identifier Requirements), and are incorporated by reference here.

This special condition does not apply to an award to an individual who received the award as a natural person (i.e., unrelated to any business or non-profit organization that he or she may own or operate in his or her name).

7. All subawards ("subgrants") must have specific federal authorization

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements for authorization of any subaward. This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a "subaward" (and therefore does not consider a procurement "contract").

The details of the requirement for authorization of any subaward are posted on the OJP web site at <http://ojp.gov/funding/Explore/SubawardAuthorization.htm> (Award condition: Award Condition: All subawards ("subgrants") must have specific federal authorization), and are incorporated by reference here.

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements to obtain specific advance approval to use a noncompetitive approach in any procurement contract that would exceed the Simplified Acquisition Threshold (currently, \$150,000). This condition applies to agreements that -- for purposes of federal grants administrative requirements -- OJP considers a procurement "contract" (and therefore does not consider a subaward).

The details of the requirement for advance approval to use a noncompetitive approach in a procurement contract under an OJP award are posted on the OJP web site at <http://ojp.gov/funding/Explore/NoncompetitiveProcurement.htm> (Award condition: Specific post-award approval required to use a noncompetitive approach in a procurement contract (if contract would exceed \$150,000)), and are incorporated by reference here.

9. Requirements pertaining to prohibited conduct related to trafficking in persons (including reporting requirements and OJP authority to terminate award)

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements (including requirements to report allegations) pertaining to prohibited conduct related to the trafficking of persons, whether on the part of recipients, subrecipients ("subgrantees"), or individuals defined (for purposes of this condition) as "employees" of the recipient or of any subrecipient.

The details of the recipient's obligations related to prohibited conduct related to trafficking in persons are posted on the OJP web site at <http://ojp.gov/funding/Explore/ProhibitedConduct-Trafficking.htm> (Award condition: Prohibited conduct by recipients and subrecipients related to trafficking in persons (including reporting requirements and OJP authority to terminate award)), and are incorporated by reference here.

10. Compliance with applicable rules regarding approval, planning, and reporting of conferences, meetings, trainings, and other events

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable laws, regulations, policies, and official DOJ guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (as that term is defined by DOJ), including the provision of food and/or beverages at such conferences, and costs of attendance at such conferences.

Information on the pertinent DOJ definition of conferences and the rules applicable to this award appears in the DOJ Grants Financial Guide (currently, as section 3.10 of "Postaward Requirements" in the "2015 DOJ Grants Financial Guide").

11. Requirement for data on performance and effectiveness under the award

The recipient must collect and maintain data that measure the performance and effectiveness of activities under this award. The data must be provided to OJP in the manner (including within the timeframes) specified by OJP in the program solicitation or other applicable written guidance. Data collection supports compliance with the Government Performance and Results Act (GPRA) and the GPRA Modernization Act, and other applicable laws.

12. OJP Training Guiding Principles

Any training or training materials that the recipient -- or any subrecipient ("subgrantee") at any tier -- develops or delivers with OJP award funds must adhere to the OJP Training Guiding Principles for Grantees and Subgrantees, available at <http://ojp.gov/funding/ojptrainingguidingprinciples.htm>.

15. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination - 28 C.F.R. Part 42

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 42, specifically including any applicable requirements in Subpart E of 28 C.F.R. Part 42 that relate to an equal employment opportunity program.

Part 38 of 28 C.F.R., a DOJ regulation, was amended effective May 4, 2016.

Among other things, 28 C.F.R. Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations.

The text of the regulation, now entitled "Partnerships with Faith-Based and Other Neighborhood Organizations," is available via the Electronic Code of Federal Regulations (currently accessible at <http://www.ecfr.gov/cgi-bin/ECFR?page=browse>), by browsing to Title 28-Judicial Administration, Chapter 1, Part 38, under e-CFR "current" data.

17. Restrictions on "lobbying"

Federal funds may not be used by the recipient, or any subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification or adoption of any law, regulation, or policy, at any level of government.

Should any question arise as to whether a particular use of Federal funds by a recipient (or subrecipient) would or might fall within the scope of this prohibition, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

Submission of publications prior to or simultaneous with their public release aids NIJ in responding to any inquiries that may arise. Any publications - excluding press releases and newsletters - whether published at the recipient's or government's expense, shall contain the following statement: "This project was supported by Award No. _____, awarded by the National Institute of Justice, Office of Justice Programs, U.S. Department of Justice. SPECIAL CONDITIONS

37. Privacy; quality assurance; CODIS/NDIS

The recipient shall ensure that each DNA analysis conducted and DNA profile generated under this award is maintained pursuant to all applicable Federal privacy requirements, including those described in 42 U.S.C. section 14132(b)(3).

The recipient shall ensure that all forensic DNA analyses conducted with funding under this award are performed either (1) by accredited government-owned laboratories, or (2) through accredited fee-for-service vendors. Accreditation must be by a nonprofit professional association of persons actively involved in forensic science that is nationally recognized within the forensic science community.

The recipient shall ensure that any laboratory that conducts forensic DNA analyses under this award undergoes external audits, not less than once every two years, that demonstrate compliance with the Quality Assurance Standards for Forensic DNA Testing Laboratories established by the Director of the Federal Bureau of Investigation.

The recipient shall ensure that all eligible forensic DNA profiles obtained with funding under this award will be entered into the Combined DNA Index System (CODIS), and, where applicable, uploaded to the National DNA Index System (NDIS). No profiles generated with funding from this award may be entered into any non-governmental database without prior express written approval from NIJ.

If any government-owned forensic laboratory that will receive funding under this award to conduct forensic DNA analyses is not a member of NDIS, the laboratory must have a written agreement in place with an NDIS-participating laboratory for the resulting eligible forensic DNA profiles to be entered into CODIS, and, where applicable, uploaded into NDIS.

If the recipient operates a state-designated DNA database laboratory, the recipient shall ensure that analyses of DNA database samples and reviews of associated DNA profiles conducted with funding under this award are performed by a laboratory that (1) is accredited by a nonprofit professional association of persons actively involved in forensic science that is nationally recognized within the forensic science community; and (2) undergoes external audits, not less than once every two years, that demonstrate compliance with the requirements of the Quality Assurance Standards for DNA Databasing Laboratories established by the Director of the Federal Bureau of Investigation. The recipient shall ensure that any DNA database samples analyzed with funding under this award are analyzed for all 13 CODIS core STR loci, using commercially available PCR kits accepted by NDIS. The recipient shall also ensure that all profiles obtained from DNA database samples with funding from this award are entered into CODIS within 90 days of completion of analysis, and uploaded into NDIS.

The recipient agrees to notify NIJ promptly upon any change in the accreditation status of any of the forensic science laboratories that receive funding under this award, or their participation in NDIS.

38. No research; nonsupplanting of State or local government funds

The recipient shall ensure that none of the funds provided under this award are used for research or statistical projects or activities as defined by 28 CFR Part 22 or for research as defined by 28 CFR Part 46. Any questions concerning this provision should be directed to the NIJ program manager for the award.

The recipient shall ensure that Federal funds made available through this award will not supplant State or local government funds, but instead will be used to increase the amount of funds that would, in the absence of Federal funds, be available from State or local government sources for activities funded through this award.

The recipient agrees to notify NIJ promptly if the recipient receives new State or local government funding for any of the purposes included in the approved application for this award.

39. The recipient agrees to notify NIJ promptly upon any significant reduction in the recipient's estimate of the number of backlogged forensic DNA cases that will be analyzed within twenty-four months using the funds provided under this fiscal year 2016 award, above and beyond those that will be analyzed using funds from other sources.

If applicable, the recipient agrees to notify NIJ promptly upon any significant reduction in the recipient's estimate of the number of DNA database samples that will be analyzed, or associated DNA profiles reviewed, within twenty-four months using the funds provided under this fiscal year 2016 award, above and beyond those that can be analyzed or reviewed using funds from other sources.

40. The recipient understands and agrees that gross income (revenues) from fees charged for DNA testing services constitutes program income (in whole or in part), and that program income must be determined, used, and documented in accordance with the provisions of 2 C.F.R. 200.307, including as applied to the NIJ DNA Capacity Enhancement and Backlog Reduction Program by the Department of Justice (DOJ) Grants Financial Guide, as it may be revised from time to time. The recipient further understands and agrees that both program income earned during the award period and expenditures of such program income must be reported on the quarterly and final Federal Financial Reports (SF 425) and are subject to audit.

The recipient understands and agrees that program income earned during the award period only may be expended only for permissible uses of funds specifically identified in the solicitation for the NIJ FY 2016 DNA Capacity Enhancement and Backlog Reduction Program. The recipient further understands and agrees that program income earned during the award period may not be used to supplant State or local government funds, but instead may be used only to increase the amount of funds that would, in the absence of Federal funds or program income, be available from State or local government sources for the permissible uses of funds listed in the FY 2016 program solicitation.

The recipient understands and agrees that program income that is earned during the final ninety (90) days of the award period may, if appropriate, be obligated (as well as expended) for permissible uses during the ninety-day (90-day) period following the end of the award period. The recipient further understands and agrees that any program income earned during the award period that is not obligated and expended within ninety (90) days of the end of the award period must be returned to OJP.

41. The recipient understands and agrees that, throughout the award period, it must promptly notify NIJ if it either starts or stops charging fees for DNA testing services, or if it revises its method of allocating fees received for DNA testing services to program income. Notice must be provided in writing to the NIJ program manager for the award within ten (10) business days of implementation of the change.
42. Absent prior express written approval from NIJ, rates for any lodging charged to the award may not exceed the posted GSA rate for the location. (If the recipient opts to obtain lodging at a higher rate, the cost differential, including associated taxes, may not be charged to the award.)

SPECIAL CONDITIONS

43. The recipient agrees to comply with all Federal, State, and local environmental laws and regulations applicable to the development and implementation of the activities to be funded under this award.

Environmental Assessment (EA): The recipient agrees and understands that funded activities (whether conducted by the recipient or subrecipients or contractors) may require the preparation of an EA as defined by the Council on Environmental Quality's Regulations for implementing the Procedural Provisions of the National Environmental Policy Act (NEPA), found at 40 CFR Part 1500. An EA is a concise public document that briefly provides sufficient analysis for determining whether to prepare an environmental impact statement (EIS) or a finding of no significant impact for the proposed activity. If in completing an EA for a proposed activity, potential adverse environmental impacts are identified, the EA will serve as a vehicle for developing either alternative approaches or mitigation measures for avoiding or reducing the identified adverse environmental impacts.

Modifications: Throughout the term of this award, the recipient agrees that for any activity that is the subject of a completed EA, it will inform NIJ of-- (1) any change(s) that it is considering making to the previously assessed activity that may be relevant to environmental impact; or (2) any proposed new activities or changed circumstances that may require assessment as to environmental impact, such as new activities that involve the use of chemicals or involve construction or major renovation. The recipient will not implement a proposed change or new activity until NIJ, with the assistance of the recipient, has determined whether the proposed change or activity (or changed circumstances) will require additional review under NEPA. Approval for implementation will not be unreasonably withheld as long as any requested modification(s) is consistent with eligible program purposes and found acceptable under an NIJ-conducted environmental impact review process.

44. The recipient may not obligate, expend, or draw down any funds until the program office has verified that the recipient has submitted all necessary documentation required to comply with the Department of Justice Procedures for Implementing the National Environmental Policy Act found at 28 CFR Part 61 (including Appendix D), and a Grant Adjustment Notice (GAN) has been issued removing this condition.
45. The recipient may not obligate, expend, or draw down any funds until a revised proposal (and any necessary modifications to the budget and budget narrative) has been received and approved by the National Institute of Justice, and a Grant Adjustment Notice has been issued removing this condition.
46. With respect to this award, federal funds may not be used to pay cash compensation (salary plus bonuses) to any employee of the award recipient at a rate that exceeds 110% of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. (An award recipient may compensate an employee at a higher rate, provided the amount in excess of this compensation limitation is paid with non-federal funds.)

This limitation on compensation rates allowable under this award may be waived on an individual basis at the discretion of the OJP official indicated in the program announcement under which this award is made.

The goal of this proposal is to reduce the casework backlog and associated turnaround time for casework completed by the Biology Section of the Los Angeles County Sheriff's Department, Scientific Services Bureau (LASD-SSB). The LASD-SSB laboratory faces old and new challenges heading into 2017. LASD-SSB is still operating under a 2010 mandate by the former Sheriff to process every sexual assault kit collected by the Sheriff Stations and law enforcement agencies within the county. LASD also continues to receive an increasing number of non-sexual assault case requests. Additionally, 2016 will bring a major technology shift to a more complex DNA kit. This will require extensive staff training, which will take analysts off normal casework. This has the potential to increase casework backlog for 2017. To combat the possible increased backlog, the LASD-SSB plans to use the FY2016 Capacity Enhancement and Backlog Reduction award for outsourcing contracts, overtime, equipment, supplies, DNA interpretation software, and training travel and registration fees. About half of the FY2016 budget will be used for outsourcing contracts. The LASD-SSB is projecting that approximately 500 cases will be sent out to contract

Meeting the EEOP Requirement

If your organization has less than fifty employees or receives an award of less than \$25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEOP requirement. To claim the exemption, your organization must complete and submit Section A of the Certification Form, which is available online at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

If your organization is a government agency or private business and receives an award of \$25,000 or more, but less than \$500,000, and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report (formerly called an EEOP Short Form), but it does not have to submit the report to the OCR for review. Instead, your organization has to maintain the Utilization Report on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to the OCR. The Certification Form is available at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

If your organization is a government agency or private business and has received an award for \$500,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report (formerly called an EEOP Short Form) and submit it to the OCR for review within sixty days from the date of this letter. For assistance in developing a Utilization Report, please consult the OCR's website at <http://www.ojp.usdoj.gov/about/ocr/eeop.htm>. In addition, your organization has to complete Section C of the Certification Form and return it to the OCR. The Certification Form is available at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

To comply with the EEOP requirements, you may request technical assistance from an EEOP specialist at the OCR by telephone at (202) 307-0690, by TTY at (202) 307-2027, or by e-mail at EEOSubmission@usdoj.gov.

Meeting the Requirement to Submit Findings of Discrimination

If in the three years prior to the date of the grant award, your organization has received an adverse finding of discrimination based on race, color, national origin, religion, or sex, after a due-process hearing, from a state or federal court or from a state or federal administrative agency, your organization must send a copy of the finding to the OCR.

Ensuring the Compliance of Subrecipients

SAA's must have standard assurances to notify subrecipients of their civil rights obligations, written procedures to address discrimination complaints filed against subrecipients, methods to monitor subrecipients' compliance with civil rights requirements, and a program to train subrecipients on applicable civil rights laws. In addition, SAA's must submit to the OCR every three years written Methods of Administration (MOA) that summarize the policies and procedures that they have implemented to ensure the civil rights compliance of subrecipients. For more information on the MOA requirement, see http://www.ojp.usdoj.gov/funding/other_requirements.htm.

If the OCR can assist you in any way in fulfilling your organization's civil rights responsibilities as a recipient of federal financial assistance, please contact us.

Sincerely,

Michael L. Alston
Director

cc: Grant Manager
Financial Analyst

laboratories. This will help reduce the number of cases that need to be worked in-house, thereby reducing the impact that the aforementioned technology shift will have on the backlog.

Funding will also be allocated for personnel overtime, and associated benefits, so that backlogged cases can be worked on overtime and the reviews of contract lab data from outsourced cases can be conducted.

For this proposal, the categories of supplies and equipment will be greatly reduced compared to previous award budgets in order to provide funding for outsourcing and DNA interpretation software which will be a priority for FY2016.

With the transition to a new DNA kit in 2016, analysts will be trained to use DNA interpretation software for DNA mixture analysis. Currently, interpretation is completed by hand, which is time-consuming and will become more so as the data gets more complicated with the new, more complex DNA kit. The software will allow accurate and efficient interpretation of complex mixtures so analysts can use their time to complete other casework tasks.

In the past year, the county has reduced the funding for training opportunities, so the FY2016 CEBR grant will be used to provide training for 23 analysts, which is approximately half of the personnel that will require a minimum of 8-hours of continuing DNA education in 2017. nca/ncf

Funds are requested for overtime of laboratory staff directly engaged in handling, screening, analysis, report review, and CODIS entry of DNA evidence. Overtime hours may be worked by either of two classifications of employees, Supervising Criminalists and Senior Criminalists. In some circumstances, Criminalist staff (less longevity than Senior Criminalists) will work the overtime as well. For budgeting purposes, the proposal is budgeted at the Senior Criminalist level. Senior Criminalist personnel will work cases in-house. The Supervising Criminalist will mainly use the overtime for the administrative review of case files, though some supervisors perform casework. The hourly rate of each position is budgeted at the top pay step. Expenditures of funds allocated to this category will be monitored throughout the grant period to ensure that overtime hours are not overspent.

As an estimate, about half of the allotted budget will be spent in 2017 and half in 2018. This estimate is subject to change based on overtime usage.

If not based on an approved negotiated rate, list the composition of the fringe benefit package. Fringe benefits are for the personnel listed in budget category (A) and only for the percentage of time devoted to the project. Fringe benefits on overtime hours are limited to FICA, Workman's Compensation and Unemployment Compensation. (Note: Use decimal numbers for the fringe benefit rates, an example is 7.65% should be shown as .0765) To View an Example, Click Here

Describe the purpose of each travel expenditure in reference to the project objectives. Show the basis of computation (e.g., six people to 3-day training at \$X airfare, \$X lodging, \$X subsistence). In training projects, travel and meals for trainees should be listed separately. Show the number of trainees and the unit costs involved. Identify the location of travel, if known, or if unknown, indicate “location to be determined.” Indicate source of Travel Policies applied Applicant or Federal Travel Regulations. TRAVEL NARRATIVE (FEDERAL)

Funding is requested to provide continuing education as required by the DNA Quality Assurance Standards. Travel expenses in this category are for twenty-three analysts to attend one national conference each, where continuing education opportunities include workshops at the American Academy of Forensic Sciences, the Bode DNA Workshop and the National CODIS Conference.

The rates are based on the GSA allowable per diem for lodging and dining/other expenses for each location. For the Bode Conference, two travel options are covered in the listed budget. One allows for driving to San Diego and covers hotel parking in the miscellaneous costs. The other accounts for possible travel by Amtrak train to San Diego. For this option, the local travel costs would cover taxi service from the station to the hotel and back. It is estimated that half of the participants may take the train, but this is subject to their preference at the time of booking/registration. Miscellaneous and local travel costs are being requested for both the AAFS Conference and the National CODIS Conference in order to cover possible baggage fees and taxi services associated with air travel.

All expenditures follow Federal and State regulations. Expenditure of funds allocated to this category will be monitored throughout the grant period to ensure that travel funds will not be overspent or exceed the 5-percent cap combined with the registration fees detailed in the "Other" category.

D. Equipment List non-expendable items that are purchased (Note: Organization's own capitalization policy for classification of equipment should be used). Expendable items should be included in the "Supplies" category. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technological advances. Rented or leased equipment costs should be listed in the "Contractual" category. Explain how the equipment is necessary for the success of the project, and describe the procurement method to be used. The purchase and validation of this robot will allow the laboratory to move away from manual hand punching of reference samples. This robot will also reduce the preparation time of reference batch plates and allow for automatic sample tracking.

These funds are projected to be used in the last half of the award period based upon projected use of current supplies and supplies available on previously awarded grants. This budget category was reduced for this fiscal year in order to allocate program funds for outsourcing contracts. No sole source documentation is required for these purchases as the total for each vendor is under \$150,000.

Approximately 500 cases (estimated cost of \$1100/case) will be sent to ASCLD/LAB accredited fee-for-service vendors to conduct biological fluid screening and/or DNA analysis. LASD-SSB already has established contracts with five contract laboratories and will divide the work according to capacity of each vendor. All of the laboratories with established contracts have been audited according to the requirements of the Quality Assurance Standards for Forensic Testing Laboratories and are accredited by a nationally recognized forensic organization. The list of backlogged sexual assault kits will be evaluated toward the end of 2016 in anticipation of outsourcing beginning at the start of the award period. All obligations will be liquidated no later than 90 days after the end of the award, per the solicitation requirement.

Funds are being requested for registration and workshop fees for the 2017 American Academy of Forensic Sciences meeting for 10 analysts, and registration and workshop fees for 12 analysts to attend the 2017 Bode DNA Workshop. The total for travel and registration for national conferences and meetings is below 5% of our award total. The funds will be spent around the time of the conference.

Funds are also being requested for NicheVision's STRMix DNA interpretation software. Seven licenses were purchased with 2015 grant funds. By purchasing the concurrent conversion for these seven licenses, more analysts can use the program at the same time. Funds are requested to purchase an additional 3 licenses that will operate concurrently, bringing the lab total to 10 concurrent licenses. Associated support and annual upgrade costs are also included in this request. The purchase of these licenses is projected to occur mid-2017.
